A SUB-COMMITTEE

Has Been Appointed to Wait on the Bridge Companies to

OBTAIN FREE FOOT PASSAGE

Terms from Them—As Soon as This is Done, an Ordinance Putting the Free Foot Passage Matter Before the People at a Special Election Will be Presented to Council for Action—Wheeling Creek Bridge.

Last night a meeting of the special council committee on free bridges was held at the office of the city clerk, for the purpose of taking up the subject of free foot passage for all citizens using the bridges of the Wheeling and Wheeling & Belmont Bridge companies between the city-side and the Island. The meeting was not one of long duration but was successful, which counts for more than any possible expenditure of wind.

The members of the committee present were Mayor Sweeney, President J. A. Maxwell, of the second branch, Councilmen C. C. Schmidt, W. J. McKelvey, Healy and Fair, and Messrs. N. C. Hamilton and C. Ed Schenorelein. The committee organized by electing Councilman Healy chairman.

The committee first discussed the matter of free toll for people using the old wooden bridge across Wheeling creek near the Whitaker mill. There was an informal discussion regarding this matter, and it was said the Rowe heirs have not been collecting toll recently, on account of an alley being closed which cuts off access to the bridge. The board of public works was requested to have Alley F opened from Nineteenth street to the creek. Later the matter of acquiring this bridge will be taken up.

The committee then took up the McKelvey-Baird resolution, regarding free foot passage on the two bridges from the city to the Island.

Mr. Maxwell said the first thing to do is to see the two bridge companies and get their terms. This should be followed by the preparation of an ordinance calling for a special election, giving the people the opportunity to decide whether or not free foot passage shall be had.

Mr. Maxwell moved that a sub-committee of three wait on the Wheeling and Wheeling & Belmont bridge companies to learn their terms for opening the two bridges to free foot passage. Councilman Healy appointed as the sub-committee Messrs. Maxwell, Sweeney and McKelvey.

The committeemen discussed the matter of the bridges ultimately being acquired by the city or county, and the unanimous opinion of the committee was that the county should be induced to buy the bridges at some time in the future. Mr. N. C. Hamilton, the originator of this idea, was ably seconded along this line by Mr. Maxwell.

TO VISIT PANAMA.

Congressman Dovener Declines to Accompany the Rivers and Harbors, Owing to Pressing Legal Business.

Congressman B. B. Dovener yesterday received a notification that the members of the rivers and harbors committee of the house of representatives have received invitations from the Panama Canal Company to make a trip to the Isthmus to inspect both the proposed routes for the inter-oceanic canal, witness the work which has already been done, and obtain an intelligent understanding with a view to familiarizing themselves with the Nicaragua canal project. The purpose is that the re-elected members, who will, in all probability, continue on the committee, may be in touch with the subject when the special commission to be appointed by the President, as authorized by Congress, makes its report.

The letter received by Captain Dovener urged him to join the party, and outlined a programme for the expedition which is decidedly attractive. In speaking of the matter last night to an Intelligencer reporter, Captain Dovener stated that he did not think it would be possible to accept the invitation, as he had considerable business to attend to in connection with his legal practice, which would require him to remain in Wheeling, though he confessed that he would like to avail himself of the opportunity offered. He sent his thanks to the company and expressed his regrets that he would be deprived of the pleasure.
